

# The Star Bulletin

## Announcements for Advisers and Participants

~Please print off and review with participants~

Virginia FCCLA

March, 2022

### Welcome!

Almost 350 participants from over 60 chapters pre-registered for our 2022 state STAR Events. All events (national and state) will be held on Friday, April 1 prior to the State Leadership & Recognition Conference.

Events will be held in the Virginia Beach Convention Center and at the Doubletree Hotel, along with one event that will be off-site.

Advisers and members are to be reminded that we are - first and foremost - in Virginia Beach for a leadership and professional conference. STAR Events competitions occur as a pre-conference activity. All STAR Events participants are required to participate in the conference, which includes Friday evening's Opening Session and keynote speaker, Saturday morning's Business Session and other activities, and Sunday morning's Closing Session.

Students are reminded of the conference dress code, which is also in effect for Sunday's Closing Session and STAR Events awards presentations:

#### **Business Casual:**

**State conference sessions and workshops;** STAR Events recognition; STAR Events presentations unless the specific event rules allow costumes

Per the Virginia FCCLA Board of Directors, **masks are required of all attendees at all components of the 2022 state conference. During competitive events, masks may be temporarily removed for the oral presentation portion of the competition only.**

- Business-style shirt such as a polo, button-up, shell, blouse, or sweater with optional neck tie, scarf, or professional neckwear
- Business-style pants or capris
- Business-style skirts or dresses (**no shorter than two inches above the knee**)
- Business-style shoes (non-athletic)
- *No denim is allowed in any article of business casual attire*

Any color in clothing is allowed.

NOTE: The official FCCLA uniform jacket and neckwear are available through the national FCCLA suppliers. They are not required for Virginia FCCLA events but are always appropriate.

**Important recommendation for STAR Events recognition:** Pants, or skirts that are below the knee in length.

### Because of our large numbers...

A special "thank you" is extended to the almost 170 volunteers who will be helping to manage STAR Events for your chapter members. This includes management team members and lead consultants, evaluators, room consultants, headquarters staff, and STAR Attendants!

...several live events will occur simultaneously in the same event room. Please alert your students in events where you see "Station" in the event schedule that this means at least one other event will be taking place in that same room. Also, a number of events are filled to maximum capacity and will run to a 5:00 p.m. conclusion.

**In this document...**

...you will find a schedule of events and a map of the facility layouts. A roster of entries from your chapter was provided through the online registration site.

**It is extremely important that you take time to verify the accuracy of your chapter roster from the online registration site, including correct assignment to events and any omissions. Notify Deborah Will at [debbiewillFCCLA@comcast.net](mailto:debbiewillFCCLA@comcast.net) immediately with changes, INCLUDING names of those who are no longer planning to participate. Any substitutions, deletions, or other changes MUST BE RECEIVED by Monday, March 21.**

**What do we do once we get there?**

STAR Events materials will be included in your conference registration packet. Conference registration will be open for chapter advisers on: Thursday, March 31 from 7:00-10:00 p.m. and Friday, April 1 from 7:15-8:00 a.m. (tables in the Hall D foyer on the 1<sup>st</sup> floor of the convention center - look for signs for the conference registration area). Advisers are **required** to check in to receive materials during one of these registration times. The chapter's STAR Events packet will contain participant badge ribbons (a yellow badge ribbon if in a live event, or a white badge ribbon if in an exhibit event), an event schedule, a diagram of room layouts in both facilities, and Culinary Arts Exhibit event identification cards (if applicable).

**Neither conference registration nor STAR Events packets will be released if student medical forms and the Adviser Acknowledgement of Responsibility Form have not been submitted to conference registration officials.**

**If you have a student with an IEP...**

...who needs accommodations in order to participate in STAR Events, please **scan and email** a copy of the IEP to Deborah Will **no later than Monday, March 21**. This information will be kept confidential but is needed so that the proper accommodations can be made. Accommodations cannot be guaranteed if information is not received by this date.

**Organized chaos...**

...is a part of the beginning of every state STAR Events competition. This is unavoidable while all of the participants and volunteers are trying to locate event rooms. Participants are strongly encouraged to find their event rooms on Thursday night so as to help alleviate the chaos of the next morning.

**New this year!**

**We will be pre-assigning presentation times for every event.** That information will be in the STAR Events packet within the conference registration materials so it is critical that advisers pick this up on Thursday night or Friday morning. Five points will automatically be earned for the first area on the Point Summary Form in all live events.

**Where are the event rules?**

Rules for all national-qualifying events can be found in the "Resources" section of your chapter affiliation portal; rules for state-only events and for Baking & Pastry and Culinary Arts are posted on the Virginia FCCLA website. General information related to management of state competition along with resources for advisers and participants is also posted on the state website. Rules and procedures make management of the event fair and consistent for all involved and it is important that advisers and participants thoroughly review these. Disqualification and point deductions are very disappointing, and a thorough review of all guidelines should ensure a smooth, enjoyable event for everyone. You can find **all** STAR Events information here: [virginiafccla.org/state-rules/](http://virginiafccla.org/state-rules/)

## Live Event Set-Up

A table is provided for participants in every live event to use as needed. Participants may stand in front, behind, or beside of this table for the oral presentation.

In addition, we need to point out that pictures shall not be taken during a presentation and that filming and audio recording of any event is not allowed. Coaching during set-up or during the event itself is not allowed.

## If I am in the state Culinary Arts Exhibit event...

...it is important to thoroughly review the general guidelines, paying particular attention to rules for set-up of the file folder materials and the exhibit. It is critical for participants to note that the state Board of Directors added two points to the Point Summary Form for **following the conference dress code** during set-up that morning.

Culinary Arts Exhibit participants will have up to one hour to set up projects in Suite 4D (2<sup>nd</sup> floor) of the convention center. Set up is scheduled for 8:00 – 9:00 a.m. (doors close at 9:00).

Participants will not be allowed into the competition room for set-up without the name badge and white badge ribbon, and the ID card – advisers will receive these items in the STAR Events registration packets. "Time" will be called at the end of your hour, and all remaining participants are required to leave the area, whether set-up is complete or not. Once you have entered the competition room you cannot leave unless finished; items may be left inside the door and carried to your assigned space in several trips, but you may not go in and out of the room.

Room consultants will be monitoring the exhibit set-up process, including whether or not participants have met the conference dress code. Students can save disappointment and embarrassment by not talking with other participants in the set-up area and/or receiving coaching from an adviser or other individual once you have entered the set-up area. **Presence of persons inside Suite 4D other than those running the event (room consultants, lead consultants, and STAR Attendants) is not allowed.**

## What if I need equipment?

In live events where your students are using any type of electrical equipment, they should bring an extension cord, preferably of the industrial type. Likewise, students should be prepared to bring their own screen or project any images directly onto the walls – screens will not be provided by event staff. Participants need to be reminded that no supplies or equipment are provided by headquarters or event staff – be prepared!

In terms of using audiovisual equipment in the national display events, participants need to evaluate the necessity of using projectors and other large equipment. While often allowed, projectors are often not necessary and are often not practical when wall space is not available. Projectors and large equipment may hide displays in these events, and participants are more likely to run into difficulties with meeting time set-up specifications. If participants use projectors or other large equipment, the equipment must fit within the dimensions provided (if applicable) and set-up must be completed within the event specifications.

Participants should also be prepared with back-up in case of technical mishaps!

**Participants in all national events...**

...**must complete an Online Project Summary Form**, available on your chapter affiliation portal under the “Surveys/Applications” tab and then under “Competitive Events” – this should be **completed prior to state competition**. Once completed, a confirmation email will be automatically sent to the email associated with the student completing the survey. This documentation should be included in the participant file folder, display, or portfolio as indicated in the event rules or handed to the room consultant at presentation time. If your school division doesn’t allow students to receive email from outside sources, please do not use their school email address but, rather, another email address that is able to receive the confirmation message.

**If you experience any issues with completing the survey or receiving the email, please contact national FCCLA at [starevents@fcclainc.org](mailto:starevents@fcclainc.org).**

There is reference in the national guidelines to a STAR Events Online Orientation Form. This is only required for students competing at the 2022 National Leadership Conference and is not something done for state competition.

**An Electronic Device Policy...**

...has been set by the Board of Directors. That policy states, “Communication devices (including but not limited to wearable technology, cell phones, PDAs, iPods, and laptops) are prohibited in any activity in which an unfair advantage could result. Examples are the knowledge assessment for state officer candidates and STAR Events setup and competitions (unless specifically required for the event). The possession of these items will result in disqualification.” Rather than bringing these items into event set-up or competition and face disqualification, participants should leave them with the adviser or a trusted friend until finished with the event. Room consultants may hold the devices for the participants, if necessary.

**The official FCCLA binder...**

...is required for all entries in Career Investigation, Chapter Service Project Portfolio, Chapter in Review Portfolio, Early Childhood, Entrepreneurship, Event Management, Fashion Design, Hospitality/Tourism/Recreation, Job Interview, Leadership, Nutrition & Wellness, Promote & Publicize FCCLA, Public Policy Advocate, Say Yes to FCS Education, Sustainability Challenge, and Teach & Train per national rules. The binder is available for purchase from the national FCCLA online store and comes in either red or white, with “FCCLA” on the spine and with a clear front-sleeve pocket. The binder currently available meets dimension requirements for the events noted above. A limited number of binders will be available for sale on-site at The FCCLA Shop.

**Bibliographies are required...**

...in several national events. Students are required to use either MLA or APA format. A “Quick Reference Citation Chart” for these formats can be found on the national website at <https://fcclainc.org/sites/default/files/Quick%20Reference%20Citation%20Chart.pdf>

**Culinary Cook-Off**

Participants in the live Culinary Arts event will compete in the kitchen of the convention center. Participants will receive their shift assignment in the chapter's conference registration packet. When it is your time to report, please meet in the lobby near the cafe/elevator outside Hall A/B of the convention center and you will be escorted to the kitchen. Please note the **equipment list**

that has been posted on our state website since fall. Each participant will need two butane burners, so be sure to purchase these if you don't already have that item. No other equipment or supplies are to be brought, and participants may use a rolling box to haul the items. A **list of skills to be successful** has been posted on our website. Participants will receive the menu and formulas at the competition.

### **The new Baking & Pastry event...**

...will be sponsored by the Culinary Institute of Virginia and held at their Norfolk campus – spectators are not allowed. To allow for transportation time, all team members must **meet at 7:30 a.m.** in the convention center at the outside glass doors in front of Hall D for check-in and to board a van provided by Virginia FCCLA. Participants may want to bring \$10-\$15 in cash or card for a grab-and-go lunch at the end of their competition. A **list of skills to be successful** has been posted on our website along with **equipment and supplies required** for competition. Formulas for each of the food products will be provided that morning.

### **Interior Design...**

...participants must use the 2021-2022 Interior Design Scenario posted in your chapter affiliation portal to develop their event materials – go to “Resources” and then “Competitive Events” to find the “2021-2022 Interior Design Scenario and Resources” download. This scenario describes the hypothetical client and the requirements of the design project.

### **Scholarships**

Virginia FCCLA appreciates the partnership from several institutions in Virginia and elsewhere in sponsoring college scholarships for winners in a number of our events. Scholarship winners will be recognized at the Closing Session. Scholarship awards will be in the chapter's exit packet and a photo area will be provided!

### **Everyone's a winner!**

Medals, state winner trophies, and scholarships will be awarded on Sunday, April 3 at the Closing Session beginning at 9:00 a.m. There will be reserved seating for event participants – **students must report at 8:00 a.m. to line-up by event** – report to the Hall D foyer for instructions on the location.

We have had issues in the past with students not reporting on time for line-up. It is the adviser's responsibility to ensure that your students report when and where they are supposed to. Also, students will line up in the wrong spot if they don't know the name of the event and the category they entered. *You'd be amazed at the number of students who don't know what event they entered!*

---

The STAR Events Management Team will be **strictly enforcing** the rules about attire that delegates signed from the Code of Conduct (no jeans, shorts, etc., as well as the mask requirement). If STAR Events participants report to line-up wearing jeans in any article of clothing (pants, skirts, jackets, etc.) or other attire that does not meet the conference dress code for a general session, **they will be sent out to change clothes**. It is the **adviser's responsibility** to make sure your students abide by this policy.

---

As results are announced for each different event, participants will stand at their seats when their chapter's name is called, indicating whether bronze, silver, or gold medals will be received. State winners will be called to the stage. **The state officers have asked that females wear slacks rather than skirts or dresses when walking across the stage.**

---

Advisers will be able to pick up your chapter's exit packet at the conclusion of the Sunday Recognition Session. This packet will contain the evaluators' rubrics, medals, and student event materials. These will not be mailed.

**And on to San  
Diego, CA – June  
29-July 3**

Advisers to participants who receive state-winner trophies or 2<sup>nd</sup> place for a national-qualifying event (plus 3<sup>rd</sup> place in Baking & Pastry and Culinary Arts!) at the Sunday recognition session are **REQUIRED** to attend the National Leadership Conference Information Session on Sunday, April 3 - this mandatory session will begin 30 minutes following the end of the Closing Session in the Sequoia room of the Doubletree hotel. Important instructions regarding registration for national STAR Events and conference will be provided.

---

For budgeting purposes, we usually tell advisers to estimate approximately \$1,500 per participant to attend this national conference – quite costly, but a wonderful experience!

This estimate is based on four people in a sleeping room. To that estimate, add \$300 for three in a room; add \$600 for two in a room; or add \$900 for a single room. The estimate provided includes conference registration, hotel room, airfare, special events, and the Virginia Delegation activities package.

***Acknowledgement and appreciation is extended to the Virginia FCCLA Leadership Foundation. The foundation will be paying for all national STAR Events entry fees again this year! Plus, as an added bonus, this year's Outreach Project at the state conference will provide additional funding that will be given directly to students competing in STAR Events at the national conference!***

---

# Commonly Asked Questions

## **Are spectators allowed in the events?**

NO. The only way to observe an event is to serve as a room consultant or evaluator.

## **What do I do when I'm not involved with my event?**

Friday's competition runs the entire day and, as a participant, you are really only involved during a small portion of that time. When not involved in your own event you should check out the opportunities listed in the conference program that you will receive at registration. There will be a number of hands-on activities as well as leadership workshops taking place during the FCCLA Expo so students should take advantage of those. A special program planned again for this year's Expo is our "Say Yes to FCS" event where participants can talk with representatives from college programs from across the state. Students who participate in four or more program presentations will be entered into a drawing for prizes!

## **For answers to other questions, check:**

...the introduction section of our state manual on pages 15-16. We have reprinted national's Q&A document there for easier access. The introduction section and all other pieces of our state manual can be found here: [virginiafccla.org/state-rules/](http://virginiafccla.org/state-rules/).

**PLEASE PAY SPECIAL ATTENTION TO EVENT LOCATIONS**

*All events are on Friday, April 1, 2022*

The Virginia FCCLA Board of Directors has mandated that masks must be worn by all attendees at every conference session and activity. During competitive events, masks may be temporarily removed for the oral presentation portion of the competition only.

# VIRGINIA FCCLA CONFERENCE MAPS

# State Leadership & Recognition Conference

## April 1-3, 2022

### BANNER PARADE

Be a part of the action at the state conference. The chapter president, or a chapter representative, will have an opportunity to display your chapter banner or flag in the Banner Parade during the conference Business Session. The flag may also be used to identify chapter seating at all sessions. **Be creative!**

### LET OTHERS KNOW WHAT YOUR CHAPTER HAS DONE!

Please send copies of newspaper articles, newsletters, website screen shots, pictures, and reports of activities to be on display at the State Leadership & Recognition Conference.

All articles must be received by **March 10**, to be included in the display. Send the articles and other items to:

Iliana Cruz

Vice President of Public Relations  
J.R. Tucker High School

2910 N. Parham Road – Henrico, VA 23294

### VA FCCLA Senior Spotlight

As part of the Closing Session on Sunday, we invite chapters to recognize their outstanding senior members through a "Senior Spotlight." The adviser may select up to three deserving senior members, **who will be in attendance at the 2022 state conference**, to be featured on a slide highlighting their FCCLA involvement. A form (found in the **SLRC Forms** download file) must be completed for each selected senior. Email the form, with up to two digital photos of the senior member, to Connie Rhoton by March 10.

### Get involved in these conference activities!

#### Conference Outreach Project

#### Step Up – Send a STAR to San Diego

The outreach project is a traditional part of the state conference, offering FCCLA chapters the opportunity to show their commitment to community service in a unified effort for a worthy cause. In keeping with our tradition, chapters may bring the contribution to the conference and will have the opportunity to present it onstage during the Opening Session. This year, in recognition of financial challenges faced by families and schools during the COVID pandemic, the state officers want to provide additional funds to those VA FCCLA members qualifying to represent our state at the national STAR Events competitions in San Diego this summer. This will be in addition to the funds paid by the VA FCCLA Leadership Foundation for STAR Events entry fees. All funds collected through the outreach will be compiled and divided equally for the members competing.

A **form** is provided in the state conference forms list, found as a download on the Virginia FCCLA website, for use in reporting your planned contribution to Virginia FCCLA. Please send it to Connie Rhoton, State Adviser, by March 10.

~ A chapter representative will be invited to come onstage during the Opening General Session to receive a certificate and present the donation or announce that it was sent in advance to Virginia FCCLA

~ The chapter making the largest donation will have a special entrance and priority seating for the Opening Session.

#### Socks Sale!

An additional opportunity to give to the outreach project will be held on Friday during the Expo. The socks come in a large variety of fanciful patterns with something for every interest. They will cost \$10 for a 3-pair pack. This is the same organization that national FCCLA used for the outreach project at the 2021 National Leadership Conference in Nashville. Come to the SLRC ready to "Step Up – Send a STAR to San Diego" with your sock purchase!

**Bring a Baseball Cap to the Business Session!**  
We encourage all attendees to bring a baseball or softball cap (your school team or another favorite team) to wear for special activities during the Business Session on Saturday morning.

#### Power of One Sessions

Throughout the day on Friday, five activity sessions will be offered to promote the five units of the recently revised Power of One program. Chapter members can attend all to have fun, network with others, and feel the power!

2022 Virginia FCCLA  
State Leadership & Recognition Conference
