General Information: FCS Classroom Equipment and Supplies for Mukuni Village (Zambia)

Last June, several Virginia FCCLA chapter advisers were part of a Virginia Tech international studies program. They visited Zambia and the Mukuni Village to observe CTE programs, including culinary arts, tailoring, and other FCS related courses. They saw a desperate need for FCS classroom equipment, supplies, books, and teaching materials. **Virginia FCCLA wants to help!** Since shipping items to this remote village is very expensive, we will collect monetary donations then work with the Butterfly Tree Charity to designate how our donations will be used to provide FCS classroom needs in the Mukuni Village.

We need your help to make it happen! We ask that each chapter attending the conference help by making a monetary donation that will be used for this international effort. During the **FCCLA Expo** on Friday, conference attendees will have a **Bead Blast** at an event where, for a small fee, they create mementos such as bracelets and keychains using beads and charms. The dollars from the Bead Blast will also be donated to the Mukuni Village FCS classroom project.
